HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your closed nostrils open right up; the air passages of your head clear and you can breathe freely. No more hacking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membranes and relief comes instantly. It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Adv.

"CODE OF DEATH" FROM OLD MEXICO FOR UNTRUE WIFE

Topeka Mexican Beats Her With Sticks and Rocks.

Was Looking for Sharp Sticks When Officers Came.

FORGOT "HONOR" PROMISE

Took Children and Eloped While Husband Slept.

Lucky to Live by Mexican Law; Here He's Brute.

Down in the mountains of Mexico, whence came Gorgonis and Sabina Gutierrez, the married woman who thru persuasion or otherwise forgot the "honor" in her wedding service, was punished by death—death in the most horrible form, administered by the injured husband and his relatives. She was impaled upon a sharp stick and left to die. Then after life expired she was buried on the spot and a sign posted telling of her disgrace.

That was the understanding in the community in which Gorgonis and Sabina were reared. Sabina understood it fully when she married Gorgonis in Mexico.

Then they came to Topeka. Gorgonis worked for a railroad company and spent his nights at home. He learned little of American manners and customs. He supported his wife and babies and contented himself with that.

But Sabina, his wife, met Pedro Fransto, a Mexican, who had lived long among Americans and who knew just how far a Mexican could go without becoming entangled in the law. He flattered Sabina. He made extravagant promises to her. He pointed out the failings of the plodding Gorgonis.

Then she fell. Sabina listened, and when he told

her Gorgonis was nothing more than her meat ticket in this country, that he didn't count much in her scheme of life, she fell. Two weeks ago Sabina and her three children disappeared in the night while Gorgonis was sleeping. Pedro whisked to her half a block away and she hastily rolled up all of Gorgonis' clothing and met her Americanized lover.

Gorgonis found enough clothing to "evade the law" and reported at the police station. Augustin Alba took up his case. Alba discovered that Pedro and Gorgonis' wife and three children had spent part of the night and all one day in the brush along the river bank. Late in the next night he caught them upon a Santa Fe southbound train.

Pedro was placed in jail. Sabina was penitent and was paroled to go home with her husband. He took her back upon the old terms when she swore she had remained true to him.

Suspicion rankled in Gorgonis' bosom and a few days ago he returned home morally certain his wife had received a letter from Pedro. He compelled her to strip herself of every vestige of clothing. He searched every piece of it. He searched her shoes and in the sole of one of them he found an address.

"Pedro Fransto, 217 West Fifth street."

That is Fransto's address in the county jail. Gorgonis demanded to know the truth, then Sabina admitted she had received a letter from Pedro, that she had read and destroyed it, but saved the address. Gorgonis' wrath surged up and over him. He picked up a rock and smote Sabina on the head and thigh, also on the back. Sabina fell in a heap. Gorgonis was looking for a sharp stick when the officers arrested him.

According to the Mexican code known to both Sabina and Gorgonis, Sabina is a lucky girl. She's lucky to be alive. But according to the Kansas code she is a poor unfortunate woman and her husband is a brute. His case is set for trial in court and he may draw anything from a light jail sentence to a term in the penitentiary.

F. B. DAWES IS DEAD

Former Attorney General Dies at Clay Center.

Clay Center, Kan., Oct. 18.—F. B. Dawes, former attorney general and a well known Kansas orator, died at 7 o'clock Tuesday night in his home in Clay Center. Altho Mr. Dawes had been in poor health for six months it was believed he was recovering and only a few days ago he reopened a law office in this city. An abscess on the brain caused his death.

Dawes was born in Allen county, Indiana, Nov. 14, 1855, and spent his boyhood days there on a farm. He came to Clay Center June 16, 1878, and was one of the first attorneys in this section of the country.

He was always active in Republican politics and was planning a few days before his death to aid in the campaign by making speeches thru the state. He was elected attorney general in 1894. He served only one term and went down with other Republicans under the Populist wave of 1896.

Shortly afterwards Mr. Dawes went to Leavenworth but returned to Clay Center eight years ago and formed a partnership with R. C. Miller. He gained considerable notoriety by winning a fight in the district and federal courts for Clay Center and was employed by a number of municipalities in their fights against public utility corporations.

Besides a wife, Mr. Dawes is survived by three daughters, Mrs. E. Russell, of St. Louis; Miss Fanny Dawes, a teacher in Kansas City, Kan., and Mrs. Della, of Clay Center. Funeral services will be held Thursday afternoon.

MORE CARS AVAILABLE

Santa Fe Shortage on Monday Was 400 Less Than on Saturday.

The car shortage situation was reported slightly relaxed today, altho worse today than on Monday. The shortage on Santa Fe eastern lines yesterday was 400 cars less than Saturday when it totalled about 1,100 cars. Two hundred more cars were needed on the same lines today than on Monday.

Railroads running thru Topeka are relieving the situation slightly by the use of refrigerator cars for perishable freight. This is made possible by the decrease in the demand for the cars in fruit and vegetable shipments. However, the relief obtained in "that way is not giving relief to any greater extent. Railroad men also expect the shortage to be as bad during the latter part of this week as it was last.

Tomorrow the investigation of the public utilities commission into the shortage will begin. The investigation will be aimed principally at demurrage rates in an effort to see if the rates shippers pay the railroads are reasonable. Under present laws shippers are entitled to hold cars two days without paying demurrage. Many shippers, it is asserted, also hold cars for storage, paying only low rates.

TRAVELING IN WEST

O. T. Crawford Is Somewhere on Road Says L. M. Crawford.

That O. T. Crawford, former Topekan and one-time theatrical magnate, is traveling for a film concern in the west was the information received by his father, L. M. Crawford, last night.

In a letter from Arthur Kane, a farmer Topekan man, now at the head of the Mary Pickford Film company, there is mention of the fact that O. T. Crawford is now on the road for a film company. The letter does not state for what firm Crawford is now traveling.

"I have no doubt that he is safe," L. M. Crawford said in this morning, "and I expect to hear from him before long. His losses in the theatrical business were a big blow to him and he naturally wanted to get out of sight for a time."

PARIS DRINKING BEER

Wine and Birds Give Way to Frozen Meat and Amber Liquor.

Washington, Oct. 18.—Gay Paris is drinking beer and cider instead of wine and eating frozen meats instead of bird delicacies, according to regular reports to the department of commerce today. These changes have been brought about by the war. The wine consumption has fallen off one-half and the consumption of beer and cider increased proportionately, while the special commission on the provisioning of the French capital recommended the use of refrigerator meat products to lower the cost of living. The report states.

SHOES AVIATING!

Demand of European Armies Hikes U. S. Price.

20,000,000 Pairs and \$146,000,000 in Leather Exported.

New York, Oct. 18.—Those \$2 shoes you saw in the window today will be marked \$4 to \$6 before spring, dealers here said today. The price of shoes has increased 116 per cent since the beginning of the war in 1914, they assert. Women's fancy shoes of white kid and gray buckskin will advance more rapidly than men's shoes, the dealers believe. They do not consider the increases entirely justified, saying the cost of shoe buttons and cloth shoe straps and parts of shoes like that have merely risen in sympathy with the leather prices.

Italy Buys \$14,000,000 Worth.

America's supplying of shoes for soldiers in the real answer behind the rising price of footwear in this country, the department of commerce said today. Because the United States has such a vast demand for men in the trenches and as leather imports have dropped, the prices here rise consequently it was said.

Leather exported in 1914 was valued at \$57,000,000, but this amount had jumped to \$146,000,000 in the year ending last June.

Italy is a new leather customer, taking \$14,000,000 worth in 1915. Aside from leather, the United States shipped more than 20,000,000 pairs of shoes to soldiers this year—better than double the 1914 figures. In addition to the soldiers, there is another element—the Chinese are using shoes instead of sandals. Their business has tripled in the past year.

Sugar Up in Frisco.

San Francisco, Oct. 18.—Sugar advanced in price again today 10 cents on the hundred pound with cane granulated at 7.45 as the basis. Advances in raw sugar was given as the reason.

FLUSH KIDNEYS WITH SALTS IF BACK IS ACHING

Noted authority says we eat too much meat, which clogs kidneys.

Take glass of Salts when kidneys hurt or bladder bothers you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of stinging, stop eating meat and get about four ounces of Jad Salts from any pharmacy. Take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.
